RachDFantastic book. Very easy to read and very uplifting. If you think there's no way to get out of debt or start saving then this book is for you. I always did the 'homework' straight after reading a chapter and it got me ready for the next chapter in the book, and really, the next chapter in life. I highly recommend this book for anyone, male, female, young and old.

What does 'rich' mean to you? Perhaps a huge mansion and an overseas holiday every year? A wardrobe and entourage to rival Victoria Beckham's? Or maybe a simple, comfortable house, no debt and a healthy investment portfolio? However you define it, \$0 to Rich will guide you towards achieving your financial goals in five easy steps and show you how to turn \$0 into \$1000, then \$5000, then \$10 000! Written specifically for women by the best-selling author of Shopping For Shares, \$0 to Rich is the personal financial coach every girl should have. It will show you how to work out what rich means to you, how to articulate exactly what you want, then how to go about realising that vision over a set period of time. You'll discover: how to create a no-fuss budget to fast-track your financial success what the right amount to be saving is investment options, from savings accounts to property and everything in between how to safeguard your money (after all, it's not enough to just get rich--the trick is staying there!).

5nbsp;Starsnbsp;- \$0 to Rich is actually a reasonably intelligent (but fun) guide to financial success. Tracey Edwards does an excellent job of making saving and investing exciting and glamorous. --customer review from fishpond.com.au4 Stars -nbsp;Great book.
