GalganoI used the iPhone app for Series 7 for dummies in conjunction with the STC Materials. I passed the first time with an 84%. I found the App very helpful. The questions were close to the way that they were asked on the actual exam if not a little bit more challenging. It was nice that I could just flip through several questions on my phone while I was waiting somewhere. The test is certainly challenging. The six hours alone is grueling but if you put in the study time you should be able to pass.0 of 0 people found the following review helpful. Make sure to get the companion S7 for Dummies text by Mr. Rice if only for the online practice exams to supplement your study. Good luck!
