Michael Taillard : 101 Things Everyone Needs to Know about the Global Economy: The Guide to Understanding International Finance, World Markets, and How They Can Affect Your Financial Future before purchasing it in order to gauge whether or not it would be worth my time, and all praised 101 Things Everyone Needs to Know about the Global Economy: The Guide to Understanding International Finance, World Markets, and How They Can Affect Your Financial Future:

0 of 0 people found the following review helpful. Well written, clear, introduction to global finance. By technetium Offers a clear explanation of many aspects of global finance. 0 of 0 people found the following review helpful. Contradictory presentation By op Several sections contained examples that did not support the point being made. Text would have been enhanced by graphic examples. 0 of 0 people found the following review helpful. Well written and easy to follow and understand concepts By Yvette Davis Well written and easy to follow and understand concepts. Would definitely recommend for business students, novices are anyone who needs a reference guide for global economic concepts

The principles of global economics in easy-to-understand terms! The news is full of accounts of the rise and fall of economies around the world, but you may not know how these changes can affect your life. *101 Things Everyone Needs to Know about the Global Economy* takes the basics of global economics and breaks them into ten straightforward chapters. From the organizations involved and trade imbalances to global risk and foreign investment, Dr. Michael Taillard describes the world markets in terms that you can recognize. You'll also learn how these matters affect the United States and your own financial future. With *101 Things Everyone Needs to Know about the Global Economy*, you get the information you need to not only protect your finances, but also reap the benefits of other nations' wealth and resources.

About the Author Dr. Michael Taillard received his PhD in financial economics in 2011 and has an academic background that includes international finance, management, and economics. He has also written a number of finance and economics books.
