Peter Sander : 101 Things Everyone Should Know About Economics: From Securities and Derivatives to Interest Rates and Hedge Funds, the Basics of Economics and What They Mean for You before purchasing it in order to gage whether or not it would be worth my time, and all praised 101 Things Everyone Should Know About

Economics: From Securities and Derivatives to Interest Rates and Hedge Funds, the Basics of Economics and What They Mean for You:

0 of 0 people found the following review helpful. Five StarsBy Customer50% satisfied1 of 1 people found the following review helpful. perfect for someone that wants to learn the basics ofBy Alvaro Ortega NoelVery simple and clear, perfect for someone that wants to learn the basics of economy3 of 4 people found the following review helpful. Decent Overview but leaves much to be desiredBy MATHARIOrdered this book a couple of weeks ago. This is a good book if you basically don't know what the Federal Reserve is or if you draw a blank when someone says consumer price index. Otherwise, if you really want to understand what the relationship is between interest rates and bonds or why stocks go up or down depending on extrinsic factors such as interest rates or bonds, this is not the book to buy.

Economics, demystified!From the collapse of housing prices to the thousand-point drops in the stock market, the past five years have been full of economic crises. These changes not only affect the overall market--they can also drastically influence your personal finances and day-to-day life. In this easy-to-understand guide, Peter Sander explains how the financial system works, as well as the most important concepts, terms, and programs in economics. Using simple language, he details how the evolving climate will affect world economies--and what kind of shifts you are going to see in your finances as a result.In this updated edition, Sander also includes valuable information on:The housing market and what it may do in the futureThe impact of Obamacare on the economyThe scope of the Great Recession and how the U.S. is still struggling to recoverHow to take advantage of the economy as it begins to rise again An essential guide, 101 Things Everyone Should Know about Economics, 2nd Edition helps you fully understand today's economy and shows you how to secure your financial future even as the market changes.
