Claire Claire : 101 Ways to Score Higher on Your Series 7 Exam: What You Need to Know Explained Simply before purchasing it in order to gage whether or not it would be worth my time, and all praised 101 Ways to Score Higher on Your Series 7 Exam: What You Need to Know Explained Simply:

1 of 1 people found the following review helpful. Not worth your time despite the low priceBy Chris CassTitle is misleading, as the "101 ways" are just bullet point summaries that make up ~3% of the book content and aren't that useful.The core material is decent, I used this book while waiting for the Kaplan material and after comparing both I

wouldn't waste time on this book. Final exam offered 260 questions, I found at least 5 of the recorded answers were verifiably incorrect. 3 of 3 people found the following review helpful. Not reliable. By C. Pham Do not rely on this book as your only resource for the exam. There is much more depth in reality than this book has to offer. I agree with another reviewer that the review questions in this book were far too easy. The content glossed over many topics that should be covered in greater detail; I didn't realize this until I picked up a practice exam (from another source) and saw that the questions were nowhere in comparison to what I read. The only good part about this book is that it contains 260 practice questions (to simulate a full-length exam). However, the answer key is numbered incorrectly in the second half, so in the end I found this book to be a complete waste of time. 2 of 2 people found the following review helpful. Before the test review By N. Carter Well I thought I'd review this before I take the test in 2 days. I find it to be very well put together, mostly explaining things in brief, concise, and easy to understand terms with examples. My only complaint so far is that there's a touch of missing information relating to some of the formulas. It's just not super clear, but you can mostly infer the meaning by looking over the examples. For me, I think the structure here is a winner. It has 13 chapters on the material, each followed by a bullet point review of "what you need to know" and a sample test on the chapter. Then there's a big sample test at the end. I'm going to update this after I take the test Friday, pass or fail.

It has been estimated that one half of all people taking the Series 7 exam will sit for the test a second time. Taking and passing the Series 7 exam gives you the necessary qualifications to make trades with corporate securities, commodities, and futures. Some people say that this exam is the hardest one they have ever taken. To ensure that this is not the case for you, be sure to read *101 Ways to Score Higher on Your Series 7 Exam*. In this new book, you will learn about and understand the organization of the exam and the computerized format. You will learn how to read questions correctly, how to control your anxiety, and how to approach each section. In addition, you will be presented with a list of resources to help you prepare and dozens of proven strategies, mindsets, and problem solving methods. *101 Ways to Score Higher on Your Series 7 Exam* is filled with information about stocks, stock markets, government securities, municipal and corporate bonds, options, indexes, mutual funds, interest funds, interest rates, mortgages, ethics, margin accounts, insider trading, short selling, and dividends, all of which are topics addressed on the exam. Also included is a review of the seven critical functions of a registered representative. You will also find practice questions and ways to avoid making common mistakes. Instead of panicking and worrying about the Series 7, pick up this book and be confident in your test-taking abilities. Whether you are taking the test for the first time or sitting for the second time, you will learn valuable information and practical tips for passing the exam on the first try and improving your score. Atlantic Publishing is a small, independent publishing company based in Ocala, Florida. Founded over twenty years ago in the company president's garage, Atlantic Publishing has grown to become a renowned resource for non-fiction books. Today, over 450 titles are in print covering subjects such as small business, healthy living, management, finance, careers, and real estate. Atlantic Publishing prides itself on producing award winning, high-quality manuals that give readers up-to-date, pertinent information, real-world examples, and case studies with expert advice.
