From Asian Development Bank : 2014 Development Effectiveness Review before purchasing it in order to gage whether or not it would be worth my time, and all praised 2014 Development Effectiveness Review:

The 2014 Development Effectiveness Review (DEFER) is the eighth in a series of yearly reports by the Asian Development Bank (ADB) on its performance in achieving the priorities of Strategy 2020, its long-term strategic framework for 2008-2020. The results framework on which the DEFER is based was updated in 2014 to reflect the recommendations of the Midterm Review of Strategy 2020. The 2014 DEFER tracks recent development progress in Asia and the Pacific, assesses ADB's development effectiveness, and identifies areas where ADB's performance needs to be strengthened.
