Sarah-Jane White : 49 Quick Ways to Market Your Business for Free: An Instant Guide to Marketing Success before purchasing it in order to gage whether or not it would be worth my time, and all praised 49 Quick Ways to Market Your Business for Free: An Instant Guide to Marketing Success:

42 of 42 people found the following review helpful. Obvious tips, light on contentBy Kelly RobinsonDon't be fooled by the fact that the book has 67 pages. Each page only has a couple of sentences, so the entire shebang is about what

you'd find on a web page. The tips are fairly obvious and often repetitive (one tip is to join Twitter, another tip is to post a relevant tweet). The book is free, so not much is lost, though plenty is gained for BrightWave -- they advertise several of their titles and resources at the end of the book. The bottom line: a quick Google search will turn up more and better -- and more comprehensive -- ideas for marketing. 14 of 14 people found the following review helpful. No Brainer InfoBy cassie dThis is common knowledge all bundled together. I guess it might help someone who doesn't use a computer much.... as a starting point. 0 of 0 people found the following review helpful. Pretty basic. By keith I am very honest when rating books because I feel an honest review can save valuable time for other reader's. This book did give information, a lot of it, on marketing for a business but I feel that all the information given was very...uhh...basic information I could have found on Google. I am looking for marketing strategies that I could use for my farm and unfortunately this book is more of a "let me tell you what you already know" type of book. I gave this book 4 stars because it does contain a lot of links to websites that could prove to be useful. This is a great book for people who haven't surfed Google for marketing answers before downloading it. A plus would be that it only took around 15 minutes to read, so overall there was no harm done.

With so many great resources on the web available for SMEs it's difficult to find the marketing solutions that will work. Sarah-Jane White has collated the best ones in this ebook for you to use as a guide, inspirational tool and if you just do one of the tips, once a week, you should increase your company's visibility both on and offline in no time!
