0 of 0 people found the following review helpful. I Enjoyed itBy Jeff Bryant ServicesEmma is a very talented writer and researcher. Her book deals primarily with businesses in the UK. But with a little re-engineering... It could be adapted to any country. Great job.0 of 0 people found the following review helpful. Recommended, especially for the UK market.By Ethan M.I really liked this book, the only issue I had with it was that it was UK based, but that is nothing that I can control. There were lots of great ideas I can extrapolate to the US marketplace. I'd love to see this author write a book similar to this for the American market.1 of 1 people found the following review helpful. Extremely basic and somewhat outdated material...By Argiod SilvertongueI'm not impressed with the book on the overall.The information was simply too basic, and mostly out dated.An updated version would be much more helpful to an old businessman like myself.

As the UK witnesses record numbers of people starting a business, accessing the funds to start and grow has become a popular topic. As a small business there are other fund-raising options open to you, from charities to government, social enterprise funds to credit cards, and community lenders. Fifty such options are presented in this eBook with links to find out more on the sources that suit you most. There are case studies of companies who have successfully raised funds, from pound;5,000 to pound;57,000. There's expert advice from bodies including the British Bankers' Association, UK Business Angels Association and entrepreneurs such as Jeff Lynn, co-founder of Seedrs.com, and the dynamic Simon Devonshire who is spreading the Wayra word across Europe. You may be looking for funds to promote your business, develop a prototype, or for working capital to tide you over from one order to the next. Whatever the reason and however much the amount, you'll find here a source of funding that provides a perfect match.
