fundamentally true. I have read this book several times and I still find it interesting reading this book from time to time again. In this 7 strategies for wealth, Jim Rohn affirmed the work of Stephen R Covey, The 7 Habits of Highly Effective People and that of Andy Andrews, The Seven principles that determines Personal Success. I will recommend this book and the other two mentioned here to anyone. Needless to say my rating for this book is 5 stars. 3 of 3 people found the following review helpful. Fantastic read! By Pascal Garoute I absolutely LOVED this book! I've always loved Jim Rohn and his knowledge, through his quotes, through his lectures, through his videos... this is my first (of many to come) books that I've read of his, and goodness am I sure excited about it! He gave me so much information to take in, gave me reasons to reflect about why I want to get where I want to get in life, and gave me methods of how to organize my thoughts and ultimately to be the best I can be. Spectacular! 2 of 2 people found the following review helpful. I would recommend this to all entrepreneurs. By gnanca Enlightening, full of life principles to help you succeed.
