It really had no new information in it but rather lots of mundane trivial information. Don't bother to read it.0 of 0 people found the following review helpful. Start your 90 day blitz.By Michael DrummerGreat way to plan your 90 day blitz to achieve anything! Inspiring!!0 of 0 people found the following review helpful. Great MotivationBy DonaldDo you have a goal that you have been wanting to accomplish for a long time, but haven't been sure how or where to start? This book will not only show you how to get started, but it will motivate you to see it through to the finish. The compelling storyline and encouraging principles take you from, "I think I might" to "I know I can so let's get this done." I have read all of Dr. Roberts books, and I feel this may be the best one yet. I'm looking forward to any further publications as well. Order your copy and start your race today!

It had never been done before in American politics, much less in Montana. A no-name who's not originally from the state, with no political backing, no war chest, no years of campaigning and building relationships, and no political capital going against one of the most powerful, influential, well-connected, well-funded, decades-in-the-making legislators in the state and coming 33 votes away from winning the state Senate seat - that had never been done before. And Dr. Roberts did it with the 90 Day Race. you can spend years, even decades, struggling and grinding along trying to: - Earn a Massive Income -Build a Massive Business - Accomplish a Massive Dream - Achieve Massive Attractiveness ...and never get there. Or you can do the patent-pending 90 Day Race and do more to become a millionaire, start your business, become an entrepreneur, lose weight, or attain any goal than years of consistent effort and struggle. Magic happens during the 90 Day Race, and this thrilling read can be the beginning to your Massive Results!
