**S. Suranovic : A Moderate Compromise: Economic Policy Choice in an Era of Globalization** before purchasing it in order to gauge whether or not it would be worth my time, and all praised A Moderate Compromise: Economic Policy Choice in an Era of Globalization:

Looking at all sides of the globalization debate, this book analyzes how international economic policy is made and

how it has become so controversial. The author offers a solution to the debate between free trade/unregulated markets and the push for greater government involvement that is consistent with both economic efficiency and social justice

"Suranovic offers a timely and accessible new perspective on economic issues in the era of globalization. In this thought-provoking work, he tackles common misconceptions and proposes principled ways to bridge the chasms between the extremes of modern policy debates." - Philip I. Levy, Resident Scholar in Economics at the American Enterprise Institute  
"Recommended." - Choice  
About the Author  
STEVE SURANOVIC  
Associate Professor of Economics and International Affairs at the George Washington University, USA.
