You either adapt and learn and grow or else you are out. Very helpful book I strongly recommend it to anyone expecting big change or already overwhelmed by change that they can not

control.

No matter where you are in your career, you've probably dealt with some form of organizational change. Change can be a frightening prospect, and if you do not handle it correctly, it can lead to derailment. To be a successful leader, you must learn to adapt to a wide variety of situations, opportunities, and environments. This guidebook will show you how change affects you, your thoughts, and your emotions. It will give you tools and strategies that will allow you to take action not just to survive change, but to thrive in it.
