**From Asian Development Bank : ADB: Reflections and Beyond** before purchasing it in order to gage whether or not it would be worth my time, and all praised ADB: Reflections and Beyond:

This publication captures memories and experiences and provides a very personal and human perspective on dealing with the challenges of the development world. In 2009, the Asian Development Bank (ADB) interviewed senior and younger personnel, both past and present, on their struggles and triumphs in ADB, working for the development of

Asia and the Pacific region, and ADB's evolution as an institution. Interspersed with the critical elements of ADB work--from project formulation to making tricky judgment calls---are also the interviewees' recollections of past and present colleagues, first days at ADB, friendships forged, and more.
