From Asian Development Bank : ADB's Pacific Approach 2010-2014 before purchasing it in order to gage whether or not it would be worth my time, and all praised ADB's Pacific Approach 2010-2014:

The Asian Development Bank's approach to assisting the Pacific (The Pacific Approach) addresses challenges and opportunities common to its Pacific developing member countries, and seeks to identify where and how regional

approaches and common guidelines can be used to improve the effectiveness of development assistance.
