From Palgrave Macmillan : Alaska's Permanent Fund Dividend: Examining Its Suitability as a Model (Exploring the Basic Income Guarantee) before purchasing it in order to gage whether or not it would be worth my time, and all praised Alaska's Permanent Fund Dividend: Examining Its Suitability as a Model (Exploring the Basic Income Guarantee):

0 of 0 people found the following review helpful. Best book on the subject  
By Gregg Erickson  
Chapters on the history of the fund and the annual payment from the fund to Alaskans are fascinating. A much more nuanced story than portrayed elsewhere. Other chapters provide a good survey of how the annual payment fit (or fail to fit) with various political philosophies.

Contributors discuss the Alaska Permanent Fund (APF) and Permanent Fund Dividend (PFD) as a model both for resource policy and for social policy. This book explores whether other states, nations, or regions would benefit from an Alaskan-style dividend. The book also looks at possible ways that the model might be altered and improved.

"Few income distribution mechanisms are as strikingly original or widely discussed as the Alaska Permanent Fund Dividend. Written by first-rate experts, this volume offers the first comprehensive overview of its history, operation, achievements, and limits. This book could not have been more timely, as new tax-and-transfer models are being considered, tried, and discussed throughout the world." - Yannick Vanderborght, professor of Political Science, Facultes Saint-Louis Brussels Louvain University, Belgium  
"A wide-ranging and enjoyable romp through a great deal of intellectual territory . . . An excellent and long overdue examination of a significant and unique government program." - Eastern Economic Journal  
About the Author  
Karl Widerquist is Associate Professor at the Georgetown University School of Foreign Service in Qatar. He holds two doctorates—one in Political Theory from Oxford University (2006) and one in Economics from the City University of New York (1996). He is coauthor of *Economics for Social Workers*, coeditor of *The Ethics and Economics of the Basic Income Guarantee*, coeditor of *Alaska's Permanent Fund Dividend: Assessing its Suitability as a Model* (Palgrave Macmillan), and coeditor of *Exporting the Alaska Model: Adapting the Permanent Fund Dividend for Reform around the World* (Palgrave Macmillan). He is a founding editor of the journal *Basic Income Studies* and has published scholarly articles on economics, politics, and philosophy in journals such as *Political Studies*, *Utilitas*, *Eastern Economic Journal*, *Politics and Society*, and *Politics, Philosophy, and Economics*.
