These women's websites are helpful as well. They do all the leg work for those who do not have the time so they can benefit on all these savings as well. I personally am so

thankful for what they do. I personally love My Frugal Adventures website as well. I would recommend this book. I am wondering if there is an application for all those electronic readers? I have already recommended this book to friends and family and they purchased! THANK YOU! 1 of 1 people found the following review helpful.

DisappointingBy TammyIt was disappointing, might be useful if you are young and just starting out. I would of like to see more technical detail, telling folks that paper towel should cost 75 cents a roll does nothing. Roll sizes are crazy different these days. 1 of 1 people found the following review helpful. Schedule Everything for your HomeBy Cheryl CunninghamThis guide is well written and has great advice. Can be used for young families or empty-nesters. Highly recommend to anyone interested in running an efficient home
