**Donna Smallin : The One-Minute Organizer Plain Simple: 500 Tips for Getting Your Life in Order** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The One-Minute Organizer Plain Simple: 500 Tips for Getting Your Life in Order:

3 of 3 people found the following review helpful. Effective tips, but inefficient presentation. By Amilee There are some great tips in this book, so it's definitely worth skimming through. A lot of tips are similar to the organizing system I've come up with over the years myself, so it feels more like a refresher course than anything ground-breaking. One major con: would've been nice if the tips were presented in a more efficient way for readers to digest, like having each tip categorized and numbered. For a book written about organizing, it sure isn't presented in the most organized way. My

advice: skim or read through once, categorize and outline the tips useful to you, refer to outline from then on and forget about returning to book. Too time consuming to read again. 4 of 4 people found the following review helpful. Nothing that original; poor formatting  
By Jesse Garner I read the Kindle version of this and was disappointed with how poor the formatting of the book was on the screen. Indents were not standardized, there were strange boxes that looked like they may have pull quotes in the original, and it did not flow well. In addition, the content was very broad and general. Little explanation of how to do any of the techniques, just recommendations of them. I would not recommend this organizing book to others. 1 of 1 people found the following review helpful. Change your life for the better one minute at a time  
By The Original One Girl Revolution It will change your life. It's not just about organizing- it's about life and everything else. What is inside your head winds up being outside your head. It's as simple as that. This book won't just help you get things organized in the physical sense. It will help you get clear in the mental sense. I keep it on my shelf in front of me where I can see it all the time and on my kindle because it is an awesome physical reminder to recognize my priorities and not clutter up my life with what doesn't work.

Bring order to your hectic life, quickly and efficiently. Donna Smallin offers innovative ideas and effective solutions to the busy person's daily battle with both physical and mental clutter. This easy-to-follow guide includes 500 strategies that will help you make your world a more orderly place so that you can spend more time enjoying the things that really matter. Even if you don't have time for a top-to-bottom organizational makeover, you can still unclutter your life . . . one short minute at a time.
