**James Allen : The Path To Prosperity** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Path To Prosperity:

9 of 10 people found the following review helpful. PROFOUND KNOWLEDGE ON WEALTH, POWER HAPPINESS FROM THE MASTER!By Steve Nakamoto - Author of Talk Like A Winner - Men Are Like Fish - Dating Rocks - Wall Street CrapsThis is a true classic that deserves much more credit than its gotten. In fact, I would put it ahead of all his other books in terms of understanding the fundamentals of wealth, power and happiness. I loved "As A Man Thinketh" and was naturally looking for more wisdom from James Allen. This book was certainly a great surprise and true treason for those who are ready and willing.While I've recommended this book to many other people in my circle of friends, it seems like they don't expect much from such an understated piece of work. But I guess that's just how most people think. If it's not a bestseller, they think that it's not worth much.I am currently rereading this book and outlining it so that I can retain the profound knowledge that it contains. I've written several reviews for and I'll have to say that this one may be my strongest recommendation.0 of 0 people found the following review helpful. The Return to MeBy Sharron McGeeThis book reminded me of what a believed in my youth. I love to give to others

and to be a helping hand, but I was told that I need to come back to earth. That devastating comment dropped me into despair and I've been trying for years to repair. This book has lightened my path! It is truthful and inspiring. It helped to bring me back to me...Thank you!0 of 0 people found the following review helpful. Fantastic BookBy B-MurphFundamental to anyone's journey into prosperity. Laced with vivid imagery, poetry, practical guidance and Divine references, this is a true masterpiece.

Being one of James Allen's earliest works, this book leads you on the essential road to financial wealth.This is the annotated edition including a rare essay about James Allen, a Prophet of Meditation.Contents:1. The lesson of evil2. The world a reflex of mental states3. The way out of undesirable conditions4. The silent power of thought: controlling and directing one's forces5. The secret of health, success and power6. The secret of abounding happiness7. The realization of prosperity

"By your own thoughts you make or mar your life, your world, your universe. As you build within by the power of thought, so will your outward life and circumstances shape themselves accordingly." -James Allen From the PublisherFrom the Back CoverRelying on the spiritual and practical advice that informed so many of his immensely popular works of self-enlightenment, James Allen--one of the most popular writers in the fields of inspiration at the turn of the 20th century--set out to help readers "find within themselves the source of all success, all happiness, all accomplishment, all truth." A tall order for some, but not for the man who dedicated his life to seeking out precisely these truths. This is a book for anyone unafraid to look inside themselves for the true key to success.
