"A must-read for anyone who wants to be more successful." -Keith Ferrazzi, author of #1 New York Times bestseller Who's Got Your Back This engaging and eye-opening book presents a bold model for rising above either/or thinking, recasting the debate on everything from sex and politics to business and religion. With refreshing wit and honesty, business consultant and columnist Lisa McLeod reveals why most of what we've been told about conflict resolution and compromise is wrong-and why the answers to even the most complex problems are closer at hand than we might think. A rare combination of personal insight, business wisdom, and humor, The Triangle of Truth is a just-in-time read for anyone who is tired of the arguments, angst, and stalemates and is ready for real solutions to our problems, large and small.
