Two Good Rounds Titans: Leaders in Industry Golf is the third book in the Two Good Rounds series. This book continues the exploration of golf and the feel-good golf lifestyle by navigating the connection between golf and business as conveyed by an array of successful leaders from a variety of industries. Two Good Rounds Titans highlights different business leaders and their passion for business and golf. It explores what led to their success in

their respective industries and how golf has played a role in their business and personal lives. All of these leaders have reached the top of their industry and own their own golf course, so they have gone beyond playing golf to being intricately involved in the golf industry. The book also explores well-known professional touring golfers who have leveraged their careers and turned them into brands and businesses that expand beyond their competitive playing purse winnings. *Two Good Rounds Titans* is a tribute to triumphant business people and pro golfers alike. Like a great nineteenth hole or favorite clubhouse, this book provides a means by which these individuals can share their stories of success and passion with family and friends.
