**Anders Aslund : Ukraine: What Went Wrong and How to Fix It** before purchasing it in order to gage whether or not it would be worth my time, and all praised Ukraine: What Went Wrong and How to Fix It:

Ukraine has been wracked by a year of unprecedented political, economic, and military turmoil. Russian military aggression in the east and a legacy of destructive policies and corruption have created an imminent existential crisis for this young democracy. Yet Ukraine also has a great opportunity to break out of economic underperformance. In this study, Anders Aring;slund, one of the worldrsquo;s leading experts on Ukraine, traces Ukrainersquo;s evolution as a

market economy starting with the fall of communism and examines the economic impact of its recent difficulties. Aring;slund argues that Ukraine must undertake sweeping political, economic, social, and government reforms to achieve prosperity and independence. For its part, the West must abandon its hesitant approach and provide broad economic assistance to help Ukraine transform itself.
