Johan Mathisen, Anthony J. Pellechio : Using the Balance Sheet Approach in Surveillance: Framework and Data Sources and Availability before purchasing it in order to gauge whether or not it would be worth my time, and all praised Using the Balance Sheet Approach in Surveillance: Framework and Data Sources and Availability:

A distinguishing feature of emerging market crises in recent years has been the sudden disruption in the capital accounts of the economy. These crises have highlighted the need for closer attention to macroeconomic vulnerabilities in sectoral balance sheets. This book enhances application of the balance sheet approach to surveillance by taking

advantage of new data sets that provide detailed, frequent, and timely financial statistics.
