The tools provided will help you make crucial improvements in your own area of responsibility within your organization. "In a decade where most management books wax lyrical on consulting fads for the boardroom, it focuses on the solid, unglamorous but essential ground of helping managers and employees diagnose performance and take action for themselves." Martin Sorrell, Chief Executive Officer, WPP Group PLC "Effective strategy is something that is lived everyday by managers at the coal face through a continual process of analysis, learning, refinement and application. This book is a useful primer for time-pressed managers who want to know how to add value to their companies' strategies." Professor John Quelch, Dean, London Business School "Our business is founded on smart, independent thinking professionals helping clients solve complex problems.
