Tim McDaniel : Valuing and Selling Your Business: A Quick Guide to Cashing In before purchasing it in order to gauge whether or not it would be worth my time, and all praised Valuing and Selling Your Business: A Quick Guide to Cashing In:

In Valuing and Selling Your Business: A Quick Guide to Cashing In, author and valuation expert Tim McDaniel, a veteran of over 2,000 valuation engagements and dozens of MA deals, covers the essentials in a short value-packed book of valuing and selling your business for an acceptable price. And if the valuation doesn't suggest the price you

have in mind is possible, McDaniel shows you how to increase the value before putting your company on the market. It probably won't surprise you that 80% of a business owner's wealth is tied up in the value of the business. This is your most important asset, but you probably only guess at its value and you may have no concrete plan to increase that value. Even if you're not planning to sell in the near future, it's good to know what your business is worth so you can take the steps McDaniel outlines to make it more attractive to prospective buyers. This book covers: How valuations are done Whom to engage as a valuator How to increase the value of your business Insider tips on the sales process Best sales practices Valuing and Selling Your Business: A Quick Guide to Cashing In an abridgement of McDaniel's Know and Grow the Value of Your Business helps you get the most for your business when you decide it's time to move on. What you'll learn How a company is valued, using terms that business owners can understand. The ways you can increase the value of your business and how an outside buyer will view your company. Why timing might be the most critical component of your exit strategy. Selling methods that work. Who this book is for Those with businesses with revenues up to about \$30 million 90 percent of all business owners in the U.S., according to the United States Census Bureau. This amounts to over 12 million businesses in the United States alone. The principles the book espouses will be just as valid in countries besides the U.S. except for the tax advice author Tim McDaniel offers.

About the Author Tim McDaniel is director of business valuations at Rea Associates in Columbus, Ohio. McDaniel specializes in business valuation and succession planning. He is a recognized leader in the business valuation field, having been involved in over 1,800 valuation engagements and numerous merger-and-acquisition transactions. He also consults with family businesses on integrating family and business issues surrounding succession planning. McDaniel prides himself on using plain English to teach business owners the value of their most prized asset and how to increase that value. A certified public accountant and the author of nearly twenty articles in publications like CPA Voice, American Venture Magazine, and Practical Tax Strategies, he has obtained the top three professional valuation credentials (ASA, CBA, ABV).
