Neil S. Grigg : Water Finance: Public Responsibilities and Private Opportunities (Wiley Finance) before purchasing it in order to gage whether or not it would be worth my time, and all praised Water Finance: Public Responsibilities and Private Opportunities (Wiley Finance):

A detailed look at the water industry and the trends that can lead to investment opportunities Water has quickly grown

into a big global business, with annual revenues in the United States alone reaching over \$200 billion. In the years ahead, companies as well as governments must find innovative ways to address important issues within this field without sacrificing basic needs, such as safety of drinking water or the reliability of water for energy production. Nobody understands this better than author Neil Grigg, a forty-year veteran of the water industry, and now, with *Water Finance*, he shares his extensive experience with you. Most of the water business operates under the radar, but with this reliable resource, Grigg shines a bright light on this essential area and offers comprehensive coverage of the public responsibilities and private opportunities associated with it. While *Water Finance* does contain many facts and figures, it also takes the time to pull together the various aspects of water, going far beyond water as just a commodity, to skillfully explain it as the integrated business that it is. Opens with a detailed discussion of the water industry before turning its focus to water handling, which includes water supply, wastewater, industrial water, storm water, irrigation and drainage, and instream flows Reveals the different driving forces, and issues, surrounding the water industry such as government involvement, privatization, law and regulations, financial structure, water and health, and workforce capacity Offers insights on water industry business, careers, and investments Organized around the idea that the water business is about all aspects of handling water, from the global environment to your tap, *Water Finance* contains the information you need to succeed in this dynamic field.
