This book contains a lot of strategies that good teachers and not-so-good teachers should already know.0 of 1 people found the following review helpful. Effective Teaching StrategiesTextbookBy Bailey KThe book was in great

condition; however, it took a long time to get. I actually had to go without a few times at class because it took so long. 0 of 0 people found the following review helpful. Effective Teaching By Rica Web Good reference for teachers to make effective lessons. Explains the different ways how a student learns such as linguistic modality, nonlinguistic modality, affective modality, semantic memory, episodic memory, procedural memory, automatic memory, emotional memory. Gives various strategies on how to make a lesson interesting and more effective in delivering them to students. They are teaching for meaning, procedural knowledge, graphic organizers, verbal strategies (brainstorming, Socratic Questioning, Quaker Dialogues, and real-word applications) and general guidelines for lessons. Vocabulary pre-test and post-test included.

The innovative strategies presented in this volume will give you a bag of tools to help your students achieve higher-level learning. nbsp;
