Barbara Kline : White House Nannies before purchasing it in order to gage whether or not it would be worth my time, and all praised White House Nannies:

0 of 0 people found the following review helpful. Good readingBy Kindle CustomerThis is a good read, easy and entertaining. Not a "can't put it Down " book (that would be a 5 star). But enjoyable and I would recommend it for a light enjoyable storytelling kind of experience. Not side splitting but made me laugh enough times.0 of 0 people found the following review helpful. Don't bother.By michelle l. greenwayI was placed through white house nannies, twice. The book bashes families and just shuffles Nannies around. She only ever cared about her commission and her ego. Don't waste you time.2 of 2 people found the following review helpful. Entertaining readBy O. MercuriI found this

book to be entertaining and engaging. I thought the other reviews were a bit harsh and it seemed like maybe the book hit a bit too close to home for them. Ok, this book won't change the world, but it was interesting and fun to read. I live in the midwest and apart from a brief trip to DC, I am completely unfamiliar with the city, but that didn't stop me from enjoying the book one bit.

As president of Washington's premier nanny placement agency, White House Nannies, Inc., Barbara Kline has spent the last twenty years handpicking and delivering nannies to elected officials, cabinet members, advisers to the President, and the media who report on their every move. In this hilarious account of her life in child care, Kline discloses the mayhem that ensues when these powerful parents find themselves at the mercy of tiny tyrants—and the nannies who offer their only hope of salvation. From finding the "perfect nanny" to firing the "perfect nanny," from refereeing mommy-nanny disputes to keeping mum about family secrets, Kline casts a keen eye on one of the most complicated relationships under the sun: that between extremely busy people and their nannies. Following the major events that launch powerful D.C. parents into parenthood (discovering they're pregnant; hiring a fabulous nanny; giving birth; hiring a second nanny in a pinch when the first one is nanny-napped), this book goes behind closed doors in our nation's capital to reveal the laughter—and, of course, the tears—involved when overworked professionals attempt to raise a child. *The Nanny Diaries* meets *Primary Colors* in this delightful ride on the bottle-and-bib-strewn Beltway.
