Roger Philipp : Wiley CPA Exam Review 2011 Update (Wiley CPA Exam Review Update) before purchasing it in order to gage whether or not it would be worth my time, and all praised Wiley CPA Exam Review 2011 Update (Wiley CPA Exam Review Update):

3 of 3 people found the following review helpful. Very detailed workbook with unbeatable priceBy *Quick*The price is unbeatable, that's the first reason I choose this book. Beside that, the book is so detailed, I could say it has all the informatino you will need in the exam. But this is also a disadvantage of the book, you may need double the time to learn it compared to other study materials. But it will worth it, since you know more knowledge, and finally you will use them in your work.I have not taken the exam yet, preparing to do it in April, I will work hard, and see how the result could be. Bless all who are going to take CPA, and this book is definitely a recommend.0 of 0 people found the following review helpful. AcceptableBy rachelMy Becker expired way back in 2008 (I know, I know), and rather than invest that much money in Becker again, I decided to give this one a try. I passed all my exams by just reading the

books. You have to find what works for you, whether it's questions, lectures, or reading. If reading is your style, this is a good resource. There are also questions in each chapter, so you can get some practice with that. Basically, if your Becker has expired, this is a good second, and much cheaper, option. I will echo the other reviews though- there's a LOT of information in here, and I'm not sure it's all necessary. 0 of 0 people found the following review helpful. Good Start, but Beware of Errors By esylt The Wiley CPA Exam Review provides a comprehensive review of material that may be found on the CPA exam, but I found several obvious errors throughout the book. For example, the book states that there are 11 modules when there are 12 modules. I would use the book to get an idea of what topics will be covered on the exam, but cross check the information provided with other sources.

The 2011 CPA exam?demystified Wiley CPA Exam Review 2011 Update covers the changes to all four sections of the the 2011 CBT-e exam in a comprehensive, detailed manner, to help CPA candidates deal with the new exam?and pass on the first try. Covers the changes to all four sections of the 2011 CBT-e exam Equips CPA candidates with a firm grasp of the new content and test format Written by one of the country's most dynamic and successful CPA Prep providers?whose students boast an impressive pass rate of 86% on their first try Candidates are desperate for a book to tell them exactly what has changed on the new CPA exam, and what didn't. The answers are all here in Wiley CPA Exam Review 2011 Update.

From the Back Cover Already one of the hardest professional licensing examsmdash;with passing rates far below the bar exam, the architect's ARE, or the nursing NCLEXmdash;the Uniform CPA Exam is changing radically, both in scope and format. To succeed this year, you're going to need to have a firm grasp on not only the content, but the new format as well. Luckily, you don't have to face it alone. Roger Philipp, one of the country's most dynamic and successful CPA prep providers, has boiled down all of the complicated changes for the 2011 CBT-e exam into one book. Wiley CPA Exam Update 2011 covers the changes to all four sections of the exam in a comprehensive, detailed manner, to help you deal with the new exam and pass on the first try. There will be nearly 100,000 CPA Exams administered in 2011, all of them in the new format. Wiley CPA Exam Update 2011 has the solid guidance you need so you can get familiar with the new testmdash;and pass it. About the Author Roger Philipp, CPA, is the founder and CEO of Roger CPA . After earning his CPA at Deloitte, Roger began teaching CPA review in 1988. He was an instructor at the Dauberman CPA , Mark's CPA , and Stanley Kaplan CPA before opening Roger CPA in 2001.
