I am just starting to study for the CPA exam. I don't think this FTSG will be the only study guide I will need, but it is a good refresher. I also purchased the entire set of Wiley CPA Exam Review books for FAR, BUS, REG and AUD. I always tend to love the Wiley study materials. Thanks Wiley!

Great overviewBy Kara MathelI am working on my MBA in Accounting and wanted a book that would help me focus my studying throughout my coursework and show me a basic outline of what will be covered on the exam. This book provides a great overview of what will be covered on the CPA without extensive detail. If you are actually studying for the exam, this is NOT the book for you.
