**Kevin Stevens : Wiley CPA Examination Review Focus Notes: Financial Accounting and Reporting 2011** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Wiley CPA Examination Review Focus Notes: Financial Accounting and Reporting 2011:

3 of 3 people found the following review helpful. Useful study supplement and fast delivery from sellerBy DotThese focus notes are very useful when we are traveling, compact study notes. I love how Wiley makes it simple to remember the important details of the CPA exam. Would highly recommend them to family, friends or anyone who will take the CPA exam.0 of 0 people found the following review helpful. Nice NotesBy MarieGood notes. Seem to follow their book pretty good. Would recommend if you want something to bring up key points to you.0 of 1 people found the following review helpful. Focus NotesBy TomThe notes provide the key notes for review purpose. I find the notes are quite concise and comprehensive, which is good for refresh your studies.

This book uses acronyms and mnemonic devices to help candidates remember the accounting rules and checklists needed to pass the exam. It provides a thorough review of all basic skills and concepts need for the exam. The new computerized CPA exam includes one or two case study simulations in each section, approximately 20-40 minutes in length, that will require candidates to perform research activities, use common spreadsheet and word processing functions, and use a financial calculator or spreadsheet to perform financial calculations. In order to assist candidates in successfully performing these simulations, Wiley Focus Notes include references to authoritative literature, sample spreadsheets, and key concepts, tips and tools to facilitate research

About the AuthorKevin Stevens, DBA, CPA, is the director of the School of Accountancy and Management Information Systems at DePaul University. He is a full professor of accountancy and is a registered certified public accountant in Illinois. He has taught for many years in DePaul's CPA review program and at both the graduate and undergraduate levels. He holds a doctoral degree in business administration (accountancy) from the University of Kentucky, a master's in taxation from DePaul, a master's in accounting from the University of Illinois at Urbana and a bachelor's degree in Political Science from Loyola University, Chicago.
