Dr. John Maxwell, Dr. Nido Qubein, etc have borrowed numerous Wooden quotes. So I went to the well to drink from the source.99% of people will say, "THE DEVIL is in the details". John Wooden says, "SUCCESS is in the details." In his basket ball practices, John Wooden takes care of every detail down to wearing your socks properly, or drinking room temperature water so that you do get cramps.The TEAM wins the game. Not the player. As

John summarizes "It takes 10 hands to make a basket." So many basket ball insights can be simply applied over to business and investing. A wonderful and refreshing read. My only critique is the book takes a while to get through. Perhaps that's because of all the ideas and notes you can take from it. In any event, if you are in a leadership position or desire to be in a leadership position, it's a must read. And if you like sports (basketball more specifically) it may be one of your favorite books. Getting insight behind the scenes of how one of (if not the) greatest basketball coach did it is inspiring, educational and interesting. While I am done with the book now, I will no doubt be referring back to my notes and highlights often as I apply it to my businesses that I own and the content that I share. Thank You Coach Wooden for delivering an amazing book. 1 of 1 people found the following review helpful. Tremendous guide for leadership and life By James C. Otteson Coach Wooden was indisputably a genius at coaching and teaching basketball. But he was also a genius at an overall approach to life and leadership. His Pyramid of Success is not a hastily devised piece of paper with a few good suggestions. It is a carefully thought out guide that reflects many years of experience and consideration. For example, Coach Wooden's description of his revision of the definition of "Team Spirit" is very instructive and insightful. He realized that it was not enough for his players to be "willing" to sacrifice for the good of the team; he wanted them to be "eager" to make such sacrifices. This and many other observations in this book are profound. The book provides a very useful and detailed guide that can help any leader (or person) make significant improvements.

Though he was better at it than almost anyone in American history, building a sports dynasty was never a goal for UCLA head coach John Wooden. Rather, it was Wooden's passionate desire to teach his players how to become the best team they could be. To Wooden, "Competitive Greatness" was a tangible and teachable force. One of the lesser-known aspects of Wooden's career is the private notebooks in which he regularly recorded his observations, goals, and leadership concepts as they applied to basketball, success, and life. Wooden on Leadership draws from those personal notes to share practical and powerful leadership skills that anyone can use to improve performance and overcome self-imposed limitations. Wooden on Leadership contains the best of Wooden's observations, covering everything from teamwork ("It takes 10 hands to score a basket") and self-control ("Emotion is the enemy") to concentration ("Don't look at the scoreboard") and dealing with defeat ("Things turn out best for those who make the best of the way things turn out"). Featuring pivotal moments in Wooden's own leadership journey, it explores the 15 fundamental leadership qualities--building blocks--of his famous Pyramid of

Success, illustrating their relevance in building a winning organization. Each chapter concludes with Wooden's "Rules to Lead By," point-by-point action steps covering the chapter's key concepts, along with pivotal moments in his own leadership journey. "On Wooden" summary sections throughout the book feature penetrating insights on Coach Wooden's leadership methods from players and coaches who worked with him during his career, including All-Americans Kareem Abdul-Jabbar, Gail Goodrich, and David Meyers and assistant coaches Denny Crum, Gary Cunningham, and Eddie Powell. As participants and contributors to Wooden's legacy, their words provide a revealing and personal perspective. *Wooden on Leadership* reveals the leadership wisdom of John Wooden. It presents the core concepts, methods, and beliefs that Wooden used to teach his teams how to attain Competitive Greatness, and true personal success.
