W. Härdle, Z. Hlavka, S. Klinke : XploRereg; - Application Guide before purchasing it in order to gauge whether or not it would be worth my time, and all praised XploRereg; - Application Guide:

This book offers a detailed application guide to XploRe - an interactive statistical computing environment. As a guide it contains case studies of real data analysis situations. It helps the beginner in statistical data analysis to learn how XploRe works in real life applications. Many examples from practice are discussed and analysed in full length. Great

emphasis is put on a graphic based understanding of the data interrelations. The case studies include: Survival modelling with Cox's proportional hazard regression, Vitamin C data analysis with Quantile Regression, and many others.
