Sidney Olsen : Young Henry Ford: A Picture History of the First Forty Years (Great Lakes Books Series)

before purchasing it in order to gage whether or not it would be worth my time, and all praised Young Henry Ford: A Picture History of the First Forty Years (Great Lakes Books Series):

0 of 0 people found the following review helpful. For the most part a great read. By Customer 2 I think it did not download some pages. For the most part a great read. 0 of 0 people found the following review helpful. Great Book By Janice Teneyck This book is an excellent source on Henry Ford's family and the world he was born into in Dearborn at the time. I bought this originally because it is one of the few books out there with information about my forebear, Conrad Ten Eyck, and the relationship between the Ten Eycks and the Fords. That said, it was a very interesting read and had lots of delightful historical tidbits on Detroit, Dearborn and the man who made the 20th century the century of

the Automobile. 1 of 1 people found the following review helpful. Excellent book and pictures By Chelsea S. Nice book great pics as well. Would recommend this to friends and makes a nice gift If you know a Ford enthusiast !!

Young Henry Ford is a visual and textual presentation of the first forty years of Henry Ford; an American farm boy who became one of the greatest manufacturers of modern times and profoundly impacted the habits of American life. In *Young Henry Ford*, Sidney Olson dispels some of the myths attached to this automobile legend, going beyond the Henry Ford of mass production and the five-dollar day, and offers a more intimate understanding of Henry Ford and the time he lived in. Through hundreds of restored photographs, including some of Ford's own taken with his first camera, *Young Henry Ford* revisits an America now gone; of long days on the farm, travel by horse and buggy, and one-room schoolhouses. Some of the rare illustrations include the first picture of Henry Ford, photos from Edsel's childhood, snapshots of the interior and exterior of the Ford homestead, Clara and Henry's wedding invitation, and photos of the early stages of the first automobile.

From the Back Cover In *Young Henry Ford*, Sidney Olson dispels some of the myths attached to this automobile legend, going beyond the Henry Ford of mass production and the five-dollar day, and offers a more intimate understanding of Henry Ford and the time he lived in. Through hundreds of restored photographs, including some of Ford's own taken with his first camera, *Young Henry Ford* revisits an America now gone - of long days on the farm, travel by horse and buggy, and one-room schoolhouses. Documentation and illustrations in this book came from the thousands of items, both monumental and inconsequential, saved by Henry Ford and presently in the collection of Henry Ford Museum Greenfield Village. **About the Author** The late Sidney Olson had an extensive career serving as city editor of and White House correspondent to the *Washington Post* and a senior editor of *Time*, *Life*, and *Fortune*. He was involved in the cinema, advertising, and television, and was a scriptwriter for the "Ford Fiftieth Anniversary Show."
