David A Dyker : Yugoslavia: Socialism, Development and Debt (Routledge Revivals) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Yugoslavia: Socialism, Development and Debt (Routledge Revivals):

This book, first published in 1990, analyses contemporary Yugoslavian development strategy in its historical and political context, assessing how corruption, negligence, and an emphasis on industry to the detriment of agriculture

and trade, have all played a part in bringing Yugoslavia close to financial and political chaos. The book concludes by considering the contemporary prospects for a more integrated policy approach in the midst of the country's political crisis.
